

EYE RECOVERY PRAYER

Father God, in the Name of Jesus, the name that is above all names, I repent for watching things that I should not watch, such as: horror movies, blood shedding movies, movies with witchcraft of any kind, movies containing immoral behavior and rebelliousness against You and against those whom I love.

I repent in the Name of Jesus and confess this sin, promising You that if I have to watch TV again, it will be things/programs that will bring me closer to You!

I renounce glaucoma, cataracts, eye pigmentation disease, macular degeneration, and any damage caused to my optic nerve and every cell and tissue in my eyes. I not only renounce it, but also curse it out of my body, sending it back to the pit of hell where it belongs. I renounce, I void, I nullify every eye disease that came upon my eyes through willingly gazing and beholding things contrary to your Word.

I command my eyes to line up with the Word of God and be completely and totally healed in Jesus' Name, because I can see all things through Christ, who has given me new eyes and new sight.

I have 20/20 vision, because I have the eyes of Christ, in Jesus' Name. Amen!
